SERVIZI DI INGEGNERIA INTEGRATA

Servizi ambientali Environmental services

Analisi impatti ambientali
Environmental impact assessment

Monitoraggi ambientali
Environmental monitoring

Monitoraggio acustico indoor e outdoor
Noise monitoring

Caratterizzazione e gestione siti inquinati
Contaminated sites characterization

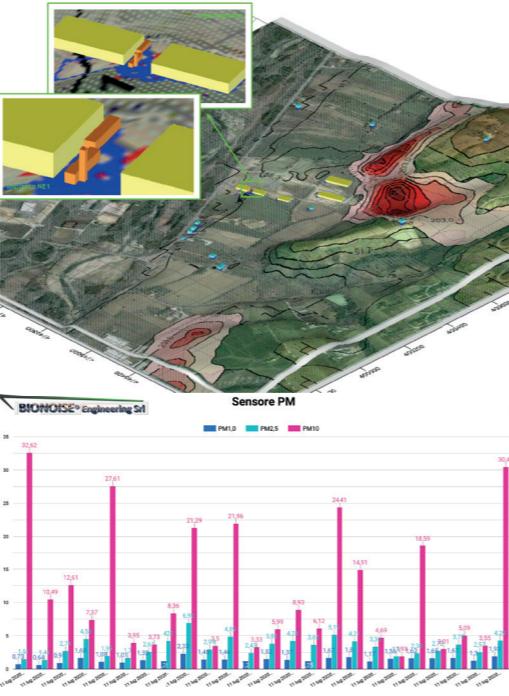

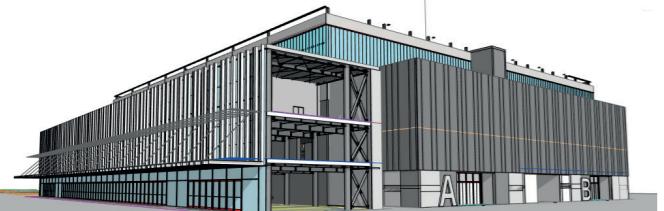

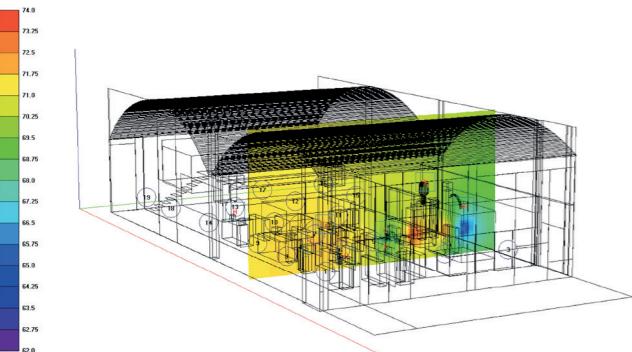

Collaudi impianti fonti rinnovabili e centrali di combustione
Acceptance test of renewable energy plants and engines

Analisi emissioni in atmosfera
Gas emissions analysis

Studio/monitoraggio campi elettromagnetici
Electromagnetic field analysis

Studi impatto acustico opere viarie
Railway and Highway noise impact assessment

Iter AUA - VIA - VAS

Impianti Plants

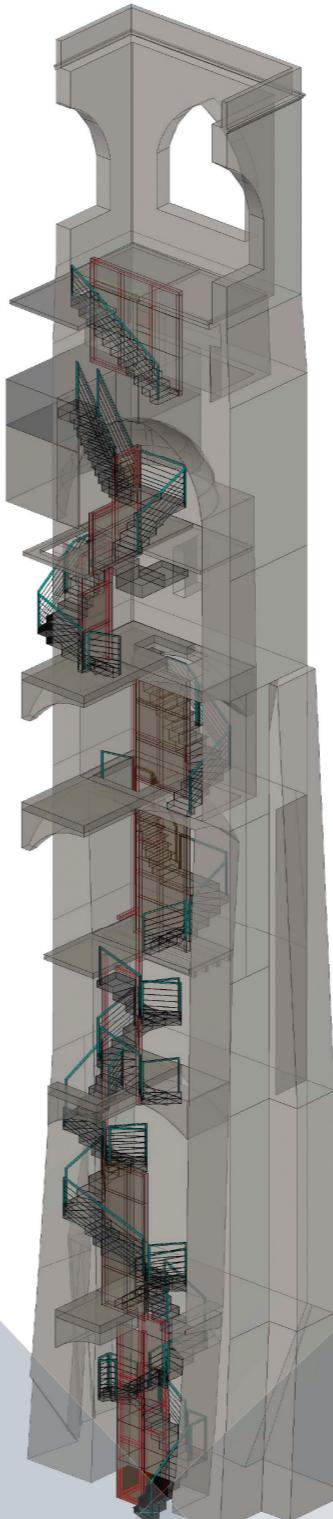

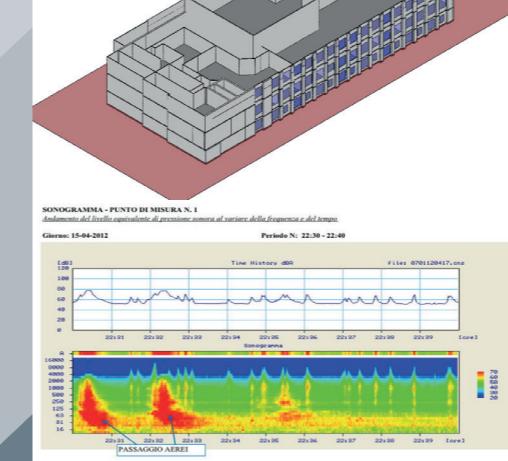

Studi energetici
Energy studies

Progetti impianti da fonti rinnovabili
Renewable sources systems design

Progettazione linee distribuzione elettrica
BT – MT – AT
Electric power distribution design
LV – MV – HV

Progettazione impianti civili ed industriali
Civil and Industrial structure design

Progettazione impianti sportivi
Sport facilities design

Opere civili Civil Works

Progettazione integrata di edifici pubblici e privati
Integrated design of public and private buildings

Soluzioni progettuali settore:
industriale, residenziale, scolastico, ricreativo

Design solutions in many sectors:
industrial, residential, educational, recreational

Insonorizzazioni civili e industriali
Soundproofing system design

Studi acustici di impianti e di interni
Noise impact assessment

Efficientamento energetico
Energy efficiency

Infrastrutture Infrastructure

Supporto progettuale
specialistico per
infrastrutture di
trasporto ed energetiche
*Specialized design support
for transport and
energy infrastructures*

Impatti ambientali
per strade e ferrovie
*Railway Environmental
assesment*

Studi ambientali per
infrastrutture aeroportuali
*Environmental studies for
airport infrastructures*

Studi ambientali acquedotti
Environmental studies for aqueducts
